LA TROBE
UNIVERSITY

A Co-Educational Parade College

Parade College is excited to announce that from 2025, our dedicated VCE Vocational Major Campus at Preston, will become co-educational. Specifically, we're introducing a Tertiary Pathways Program, which will include a new Business Academy and an expansion of our successful Sport Academy program.

Upon completion, our students will qualify for direct entry access into a number of undergraduate courses at La Trobe University without the need for an ATAR or the completion of VCAA examinations. This unique opportunity is only available through this program at Parade College.

For many years now, Parade College has educated female students as part of our Vocational Education and Training offerings. For the first time in our 150-year plus history, female students can now enrol as full-time Parade College students in our Tertiary Pathways Program at our Preston Campus.

Parade has always been at the forefront of providing contemporary educational opportunities for young people. We are a diverse and welcoming school. The inclusion of full-time female students at our Preston Campus will further enrich our community.

Parade College

Business Academy

Through Parade College's partnership with La Trobe University, upon successful completion of the Tertiary Pathways Program, students will receive direct entry to first year Business courses.

La Trobe University's Bachelor Of Business enables students to major in a specialised area and be jobready in areas that are growing rapidly. La Trobe University is projecting 11.4% job growth for marketing professionals and 9.2% for accountants.

Working with Industry leaders, these opportunities will shape our students' education, giving them a great start in pursuing a career in business.

The Parade College Business Academy builds on more than 150 years of educating our students. This contemporary approach to education at Parade College encourages all students to find success in their education and pathway. The VCE Vocational Major is a senior school certificate that provides pathways for Years 11 and 12 students seeking vocationally orientated career options such as traineeships, further education and training, or employment.

The Tertiary Pathways Program VCE Vocational Major is ideal for:

- Students who want to pursue a university course
- Students who learn best by practical, experiential, and applied learning
- Students who want to include a traineeship, or industry focused projects and mentoring, in their program

A photograph of a modern building with a facade of large, colorful, geometric shapes in red, blue, and wood-grain. The building has a complex, layered structure with many openings and overhangs. A person is walking on a paved area in the foreground.

Parade College
